EXPERIENCE

Full Stack Web Developer

Sept 2024 – Sept 2025

CyberDairy Solutions India Pvt. Ltd.

Sagar, MP

- Delivered production systems for an IT services firm (est. 2004) serving **1,800+ global clients** across Europe, UAE, and India.
- Infinity College Sagar – Online Counselling System** (Sept – Nov 2024): Cut merit-list processing time by **40%** by automating admission logic in PHP/MySQL. Independently engineered registration, counsellor, and admin modules end-to-end.
- Doon World Public School Sagar – Management System** (Dec 2024 – Feb 2025): Engineered a complex MySQL schema in PHP spanning **7 operational modules** for a live school client. Delivered inventory, exams, fees, transport, and parent-record management.
- DigiGrandhalaya – Digital Library Repository** (Mar – May 2025): Contributed specific features to a **7TB digital repository** of eBooks, PDFs, and audiobooks. Supported cataloging and search-filter functionality under senior guidance.
- IJCPR – OJS Academic Publishing Platform** (Jun – Aug 2025): Contributed specific features to an OJS platform for a peer-reviewed pharmaceutical journal. Supported development for a bimonthly, open-access publication (**ISSN 0975-7066**), guided by a senior.
- Supported **500+ concurrent users** in production by architecting **scalable REST APIs**.
- Secured **100% of API endpoints** across **10+ client projects** by implementing **JWT** and **RBAC**.
- Sustained **99.9% uptime** across **5+ environments** by managing **Linux** deployments via DirectAdmin.
- Cut production issue resolution time by **30%** across **5+ client deployments** in **agile sprints**.

PROJECTS

Chat-NCERT: Multi-Tenant SaaS EdTech Platform

Oct 2025 – Dec 2025

Next.js 15, Hono, Bun, Drizzle ORM, Supabase, pgvector, Gemini 2.5 Flash, Ollama

[Live](#) | [GitHub](#)

- Engineered **row-level multi-tenant isolation**, achieving **95%** of schema-level isolation at **20%** of the operational cost.
- Built a **RAG pipeline** chunking documents into **512-token** segments with **50-token overlap** via **pgvector**.
- Implemented a **3-tier billing system** (Free, Rs. 999, Rs. 4,999/mo) via a provider-agnostic abstraction.
- Designed a **4-role RBAC** hierarchy enforced via **JWT**-based, tenant-scoped session validation.

Cactus: Campus Discovery & Social Networking Platform

Sept 2024 – Nov 2024

React 18, Vite, Express.js, Socket.io, MongoDB Atlas, Gemini Embeddings

[Live](#) | [GitHub](#)

- Built a **real-time platform** using **Socket.io** for persistent chat and **JWT**-secured WebSocket handshakes.
- Implemented **semantic search** using **768-dim** Gemini embeddings and MongoDB Atlas vector search.
- Designed self-cleaning media – **24-hour TTL** Stories and single-view Instants wiping URLs on view.
- Architected a horizontal-scaling plan for **WebSocket routing** and Redis-based embedding cache.

ACHIEVEMENTS

- GATE 2026 CS: Score 468, 95.20 %ile, AIR 10143 – competed against 2.11 lakh candidates.
- Competitive Coding: 380+ problems on LeetCode; rating 1,619 (Top 20.83%) – leetcode/sahilkhan117
- NPTel Java – IIT Kharagpur: Elite + Topper (Jun 2024), top 5% nationally.
- Oracle Agentic AI Foundations Associate – Oracle University certification.
- Adobe India Hackathon (via Unstop, Aug 2025) – built with Next.js and Tailwind CSS.
- Reliance Foundation Scholarship: Top 5,000 students nationwide (Jun 2023).
- SIH Hackathon: 4th rank – designed backend and algorithm architecture for an **ML-based** PM Internship Allocation System.
